----Ouch... guess I must have broken a rib...
I wonder where he is?
It's a good thing he applied the booster at that time, but...

You won't be able to attain Dream Gold...
Now you should understand!

So join me!!
If we work together, I'm sure we could easily attain it. don't you agree?

Then... At the very least, give up on Dream Gold, Kurorat!!
Hm, so you won't after all...
!!!
.....
.....

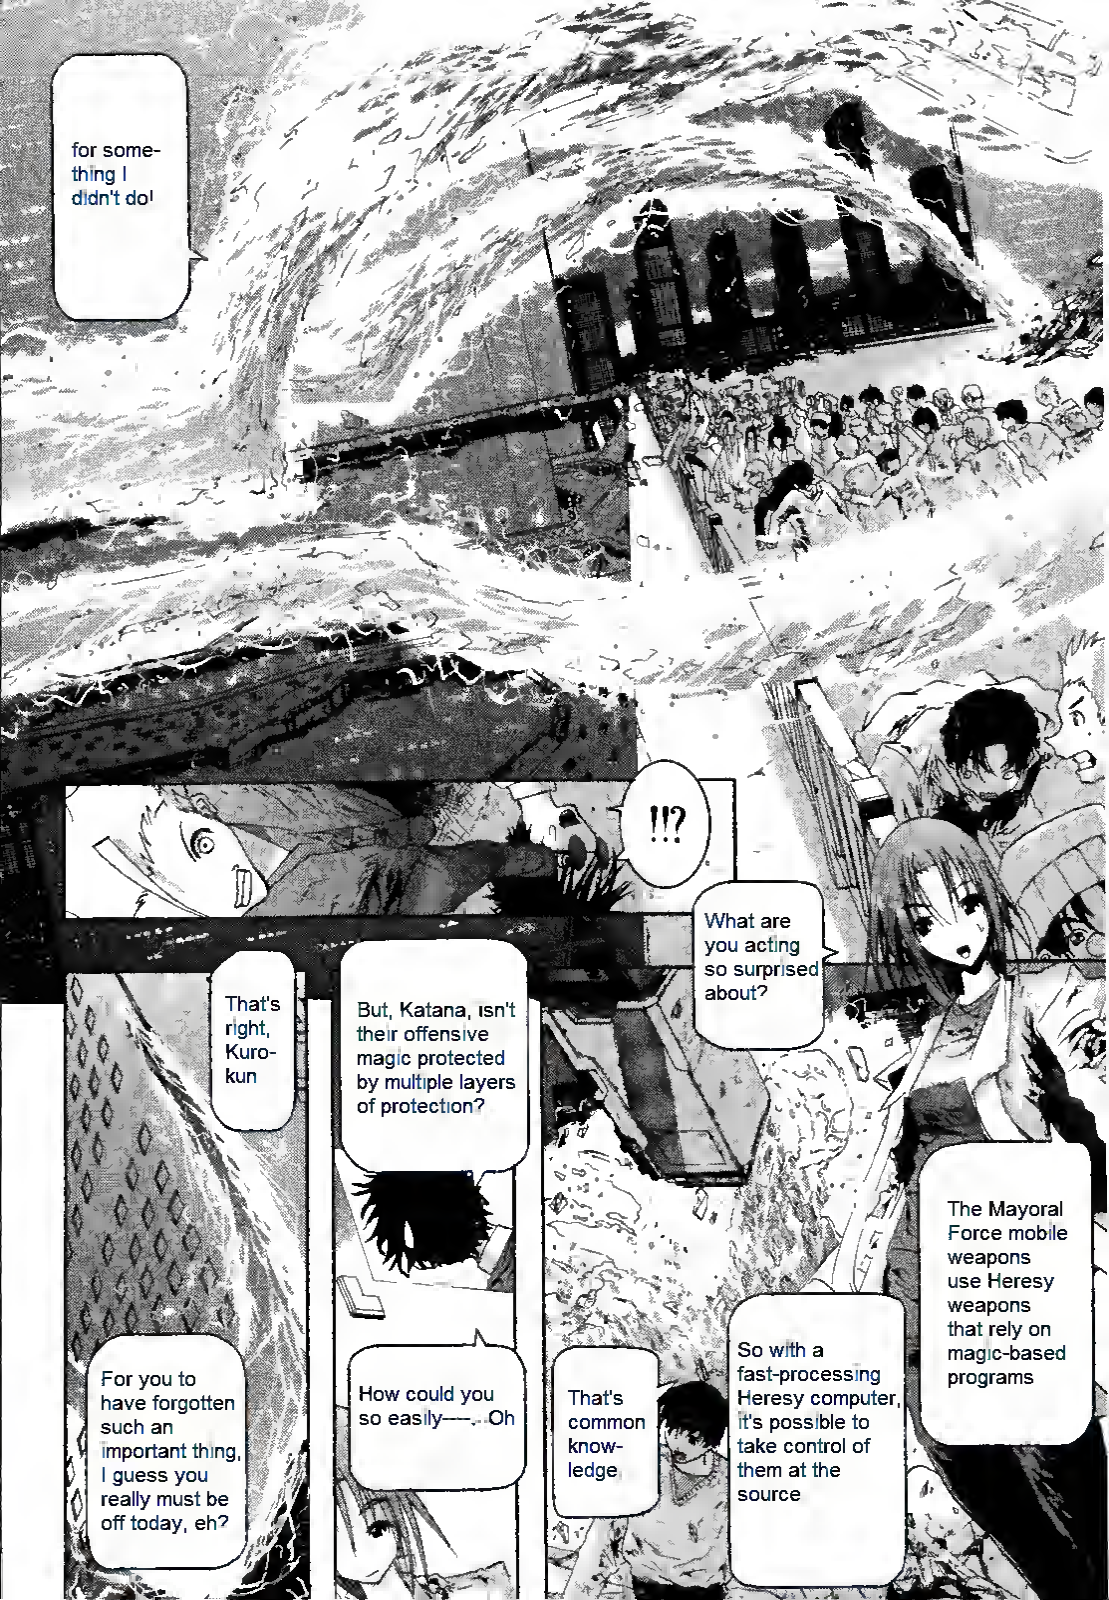

If you continue like this, chasing Dream Gold...it might not even be another half a year before you-
Right now you are walking a road that leads to nothing but ruin.
Kuro-kun!!
—...
That's right
It's because of you...

Katana= Shirabano!! This is all your damned fault!
You turned the dream he and I shared into a [Nightmare]!!
It's Katana...
Ah...
!?
Did he say Shirabano?
!
Shirabano...?
Kata-na...
Kinda fluffy
Ah, but y'know, I bet it'd feel pretty good to step on Kuro-kun's head~
For some reason I get the feeling that someone is stepping on your head, but maybe it's just my imagination—~?
Yahoo~~ ♪ Kuro-kun, you're alright, aren't you—?

How calm you are, though you're all alone!!
You've got some guts, wretched daughter of the Shirabano
Wha~~t? What was tha~~t?
I can't hear you at a~~ll, Kuro-kun.
Uwah... She must still be holding a grudge from a few moments ago
You...
should run...
...
Kuku ku...
I apologize for acting so coldly to you before. It won't happen again, so...

Anyway, you seem off your game today, y'know?
Not at all like the usual Kuro-kun.
.....
Ahaha, don't make such a worried face.
I won't abandon you and run away.
When we die, we'll die together, won't we?
!!
.....
Ah yeah, I totally felt a chill just then...
Were you touched? Hm, Kuro-kun?
Just kidding~

That should be my line...
How long are you going to keep your foot on the head of someone's partner...!!
And besides, you seem to be blaming me...
Don't you ignore me, Shirabano!!

for some-thing I didn't do!
!!?
What are you acting so surprised about?
That's right, Kuro-kun
But, Katana, isn't their offensive magic protected by multiple layers of protection?
For you to have forgotten such an important thing, I guess you really must be off today, eh?
How could you so easily——..Oh
That's common know-ledge
So with a fast-processing Heresy computer, it's possible to take control of them at the source
The Mayoral Force mobile weapons use Heresy weapons that rely on magic-based programs

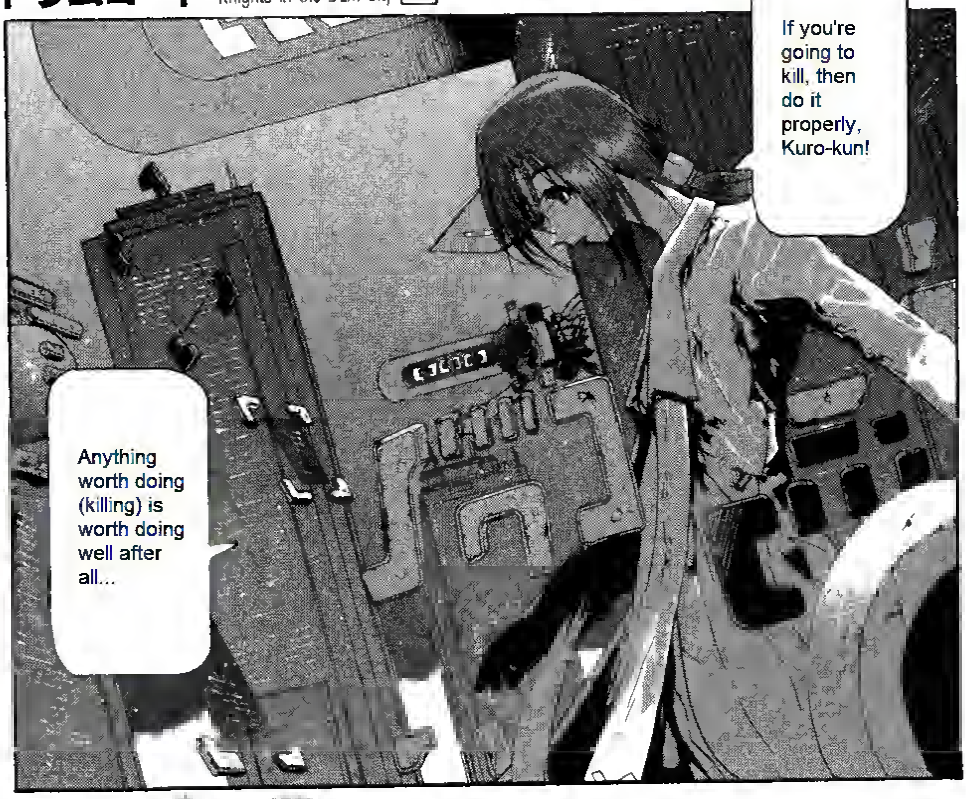

So you just won't be able to kill me with the Mayoral Force mobile weapons!!
キラン
I designed about 80% of the mobile weapons!
The one who put the code together was me!!
Hacking into them doesn't even take a second!
The Mayoral Force mobile weapons
you know about their multiple protection layers?
Look-On
Just who do you think wrote those?

Mハッキングモード
戦闘兵器のうとり
S-407×4
ナ・イーグレン・フレイン
ヒ
The fact of the matter is you want to kill that man, don't you Kuro-kun?
If you had only said something I'd have lent you a hand any time, you know...?

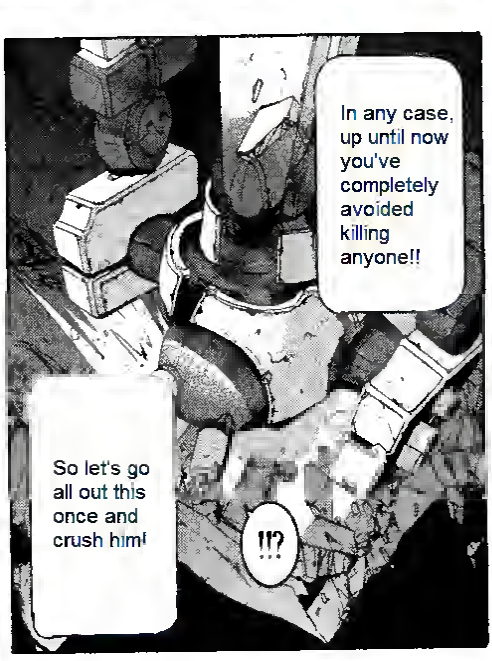

You won't stop me?
Even if I tried, it's not like you'd listen

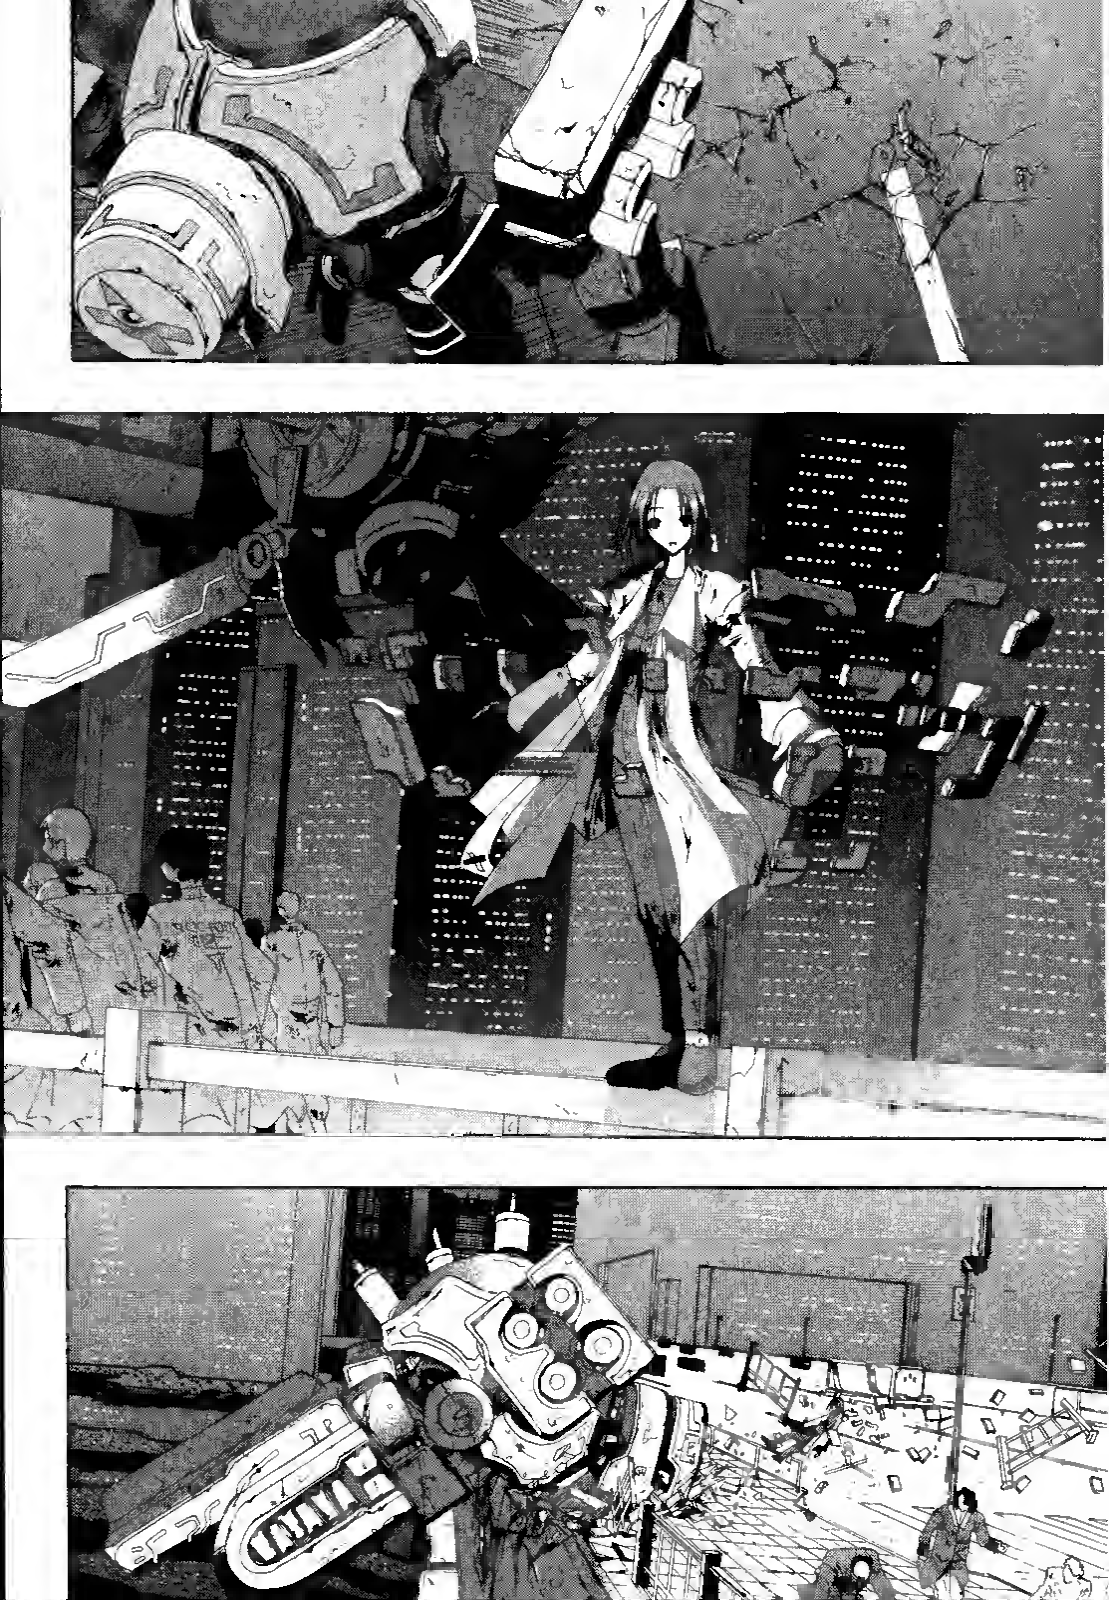

The rest of that aside, I've got a problem with you too
?

If you're going to kill, then do it properly, Kuro-kun!
Anything worth doing (killing) is worth doing well after all...

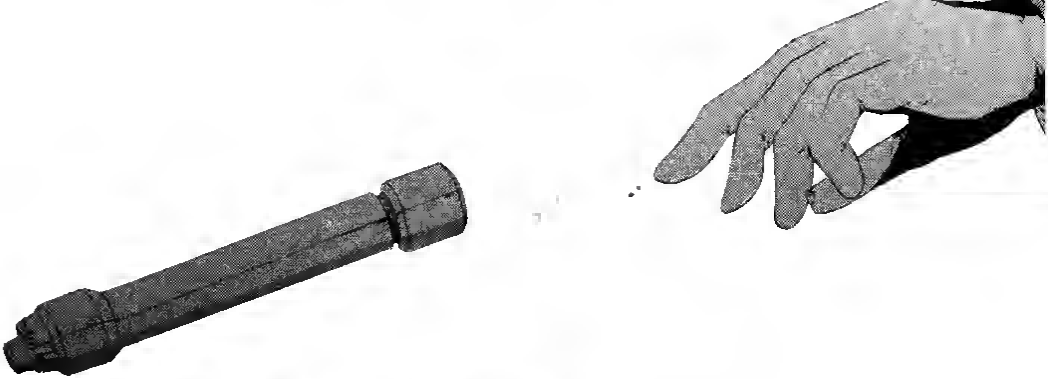

Don't take the mayor of Dark City so lightly, Shirabano----

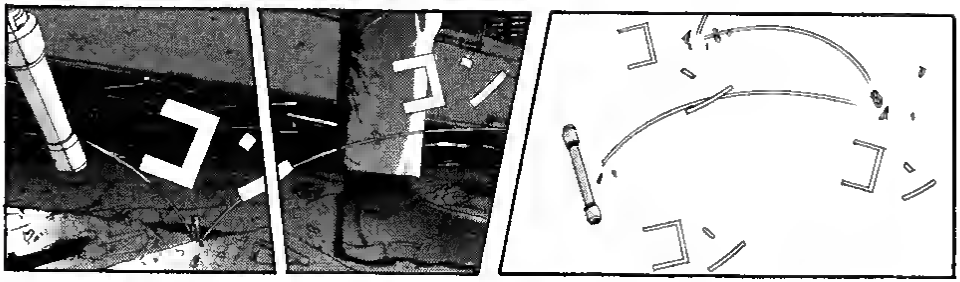

Hmph...

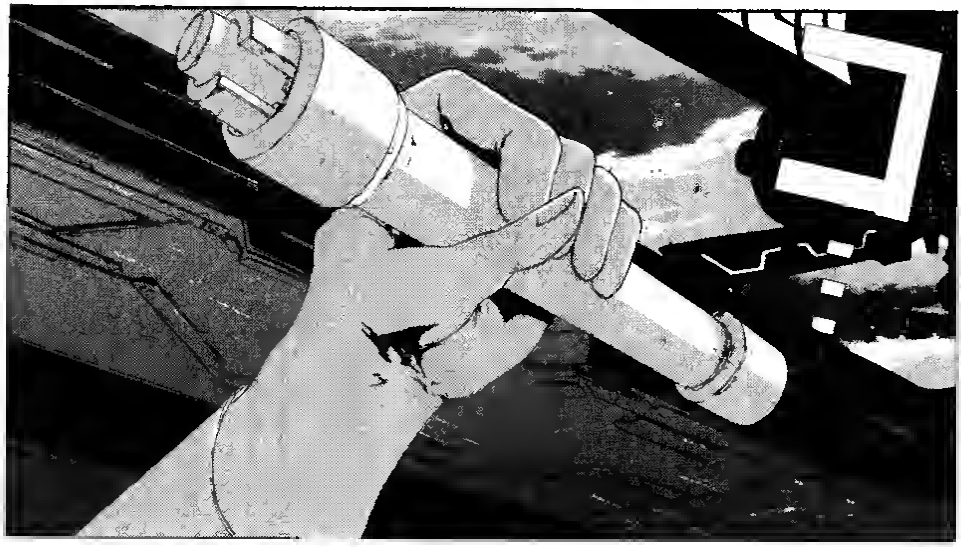

In any case, up until now you've completely avoided killing anyone!!
So let's go all out this once and crush him!
!!?

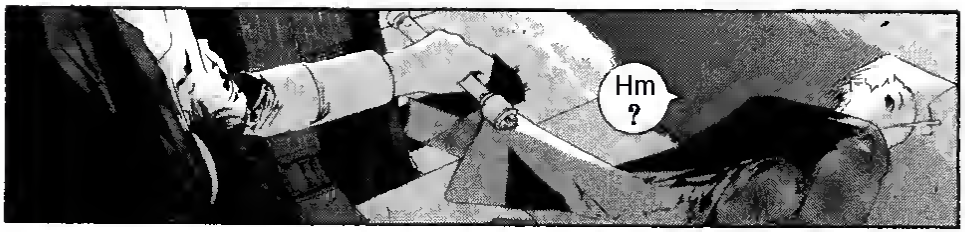

For that reason, rather than friends or lovers,
To attain Dream Gold,
that is the dream we share.
Don't forget, Kuro-kun.
we chose to be partners...
